The background of the cover features a collage of three distinct images. In the top left, there is a wide-angle photograph of a rugged coastline with a lighthouse perched on a cliff. The middle right portion of the collage is a close-up, slightly blurred portrait of a person's face, showing their eyes and forehead. The bottom right corner shows a police officer wearing a dark uniform with a name tag that reads "H.P.D."

## MESSAGE FROM THE MAYOR

It gives me great pleasure to present the Honolulu Police Department Annual Report and to congratulate the department for its dedication and commitment to the people of O'ahu.

The annual report documents the activities and accomplishments for 2021 and describes the functions and responsibilities of the department. In addition to safeguarding the special place we call home through law enforcement duties, the Honolulu Police Department supported community, business and government efforts to keep residents safe during the COVID-19 pandemic.

On behalf of the people of the City and County of Honolulu, I extend deep appreciation to the employees of the Honolulu Police Department for providing excellent service and enhancing the quality of life in our community.

A handwritten signature in black ink that reads "Rick Blangiardi". The signature is fluid and cursive, with a distinct "R" and "B".

Rick Blangiardi, Mayor  
City and County of Honolulu

# HONOLULU POLICE COMMISSION

**Shannon L. Alivado**  
CHAIR

**Jerry C. Gibson**  
VICE CHAIR

**Ann Botticelli**  
COMMISSIONER

**Michael Broderick**  
COMMISSIONER

**Doug Chin**  
COMMISSIONER

**Carrie K. S. Okinaga**  
COMMISSIONER

**Richard Parry**  
COMMISSIONER

The Honolulu Police Commission is made up of seven members who are appointed by the Mayor and confirmed by the City Council. All members serve staggered terms of five years. They volunteer their services and do not receive any compensation.

A chair and vice chair are elected from within its membership every year. The commission chair for 2021 was Ms. Shannon L. Alivado. Mr. Jerry C. Gibson served as vice chair.

The commission has the following mandated responsibilities:

- Appoints and may remove the Chief of Police;
- Evaluates the performance of the Chief of Police at least annually;
- Reviews rules and regulations for the administration of the Honolulu Police Department;
- Reviews the annual budget prepared by the Chief of Police and may make recommendations thereon to the Mayor;
- Compares at least annually the actual achievements of the police department with the goals and objectives in the five-year plan; and
- Receives, considers, and investigates charges brought by the public against the conduct of the department or any of its members and submits a written report of its findings to the Chief of Police.

## MESSAGE FROM THE CHIEF OF POLICE

Aloha,

The Honolulu Police Department (HPD) is again privileged to serve the residents and visitors of Oahu.

As in 2020, the department's work was greatly influenced by the COVID-19 pandemic. Led by District 1, officers assigned to the Chinatown COVID-19 Prevention Task Force provided public assistance and conducted enforcement in one of Honolulu's oldest communities. At various times, the courtyard of the Chinatown substation was called into service as a COVID testing site. Despite periodic spikes in virus transmission, the HPD's Community Outreach Unit continued to operate the Homeless Outreach and Navigation for Unsheltered Persons (HONU) program throughout the year. Designed to move to a different neighborhood every 90 days, HONU is scheduled to be transferred to the city's Department of Community Services next year.

Due to state and county COVID restrictions, many community activities and programs to include neighborhood security watches and citizen patrols, ride alongs, Citizens Police Academy, Police Activities League, Coffee with a Cop, and Meet the Major, were temporarily halted this year. Youth programs, such as Drug Abuse Resistance Education, Junior Police Officers, and Law Enforcement Explorers, were also suspended due to school closures. The department looks forward to resuming these activities as businesses and schools gradually reopen.

A major renovation of the HPD's Alapai headquarters occurred throughout the year, including the updating of the Central Receiving Division or police cellblock. Construction work required the complete shutdown of the cellblock and the diversion of arrestees to the Kapolei Police Station. Work began in October and is expected to be finished in June 2022. This is the first renovation of the cellblock since the headquarters was built in 1992.

Other notable highlights for 2021 include the opening of a pilot laboratory for evidence processing and the 40th anniversary of CrimeStoppers Honolulu. Multiple investigations into illegal game rooms and fentanyl drug operations were successful as was a rescue operation for at-risk teens. Additional information on these achievements is included in this report.

We thank the Mayor, City Council, and most of all the citizens of the City and County of Honolulu for their continued support of the HPD. We can think of no better place or people to serve.

Serving and Protecting with Aloha,

A handwritten signature in black ink, appearing to read "Rade K. Vanlc".

Rade K. Vanlc  
Interim Chief of Police  
Honolulu Police Department

# DEPARTMENTAL ORGANIZATION

## POWERS, DUTIES, AND FUNCTIONS

The Honolulu Police Department serves as the primary law enforcement agency for the entire Island of Oahu.

The Chief of Police directs the operation and administration of the department and is responsible for the following:

- preservation of the public peace;
- protection of the rights of persons and property;
- prevention of crime;
- detection and arrest of offenders against the law;
- enforcement and prevention of violations of state laws and city ordinances; and
- service of processes and notices in civil and criminal proceedings.

The department's jurisdiction is the City and County of Honolulu. It includes the entire Island of Oahu, which has a circumference of about 137 miles and an area of approximately 596 square miles. The estimated resident population is 1,016,508, which includes military personnel but not tourists.

For police operations, the Island is divided into eight patrol districts; each district is subdivided into sectors and beats. The department's headquarters is at 801 South Beretania Street in downtown Honolulu. District stations are found in Kalihi, Kaneohe, Kapolei, Pearl City, Waialae, and Waianae.

## AT A GLANCE

In 2021, the Communications Division received 1,052,026 calls for service, of which 911,014 (86.6 percent) were for police services. The division's operators routed 32,984 calls to the Honolulu Fire Department and 95,512 calls to the Emergency Medical Services Division and 548 calls to the Ocean Safety and Lifeguard Services Division, Honolulu Emergency Services Department. There were 11,968 calls for miscellaneous services which include, but are not limited to, calls for the Crisis Center, Polson Control, Regional Dispatch Center, and the neighbor Island Public Safety Answering Points.

911 CALLS	2021	2020	% CHANGE
HONOLULU POLICE DEPARTMENT	911,014	859,164	+6.0%
EMERGENCY	436,987	378,037	+15.6%
NONEMERGENCY	498,852	481,127	+3.7%

NOTEWORTHY 2021

## 40 Years of CrimeStoppers Honolulu

CrimeStoppers Honolulu celebrated its 40th anniversary, receiving proclamations from Governor David Ige and Mayor Rick Blangiardi on February 18, 2021. The department's program encourages members of the community to volunteer vital information to assist local law enforcement agencies in the fight against crime. Callers remain anonymous and are eligible to receive up to a \$1,000 cash reward if the information provided leads to an arrest, identification of a criminal perpetrator, recovery of stolen property, or the seizure of illegal contraband.

In 2021, the CrimeStoppers program took in 5,352 tips from the public, which led to the arrests of 28 individuals. The program also issued 668 news releases that included wanted fugitives, missing persons, unsolved cases, and

ongoing current scams. Through the COVID-19 pandemic, the CrimeStoppers Honolulu's staff continued to conduct numerous safety presentations to schools, senior citizen groups, and businesses.

Since the program's inception in February 1981, the program has led to the arrests of 3,032 individuals, solved 8,750 cases, recovered more than \$6.8 million dollars in property and drugs, and also paid out approximately \$400,000 in rewards.

# Central Receiving Division Facility Construction and Renovation

On October 22, 2021, the Central Receiving Division (CRD) began a major construction and renovation that is projected to be completed in June 2022. This is the first renovation of the CRD since the building was built in 1992. In order to accommodate the large-scale renovation, the CRD's operations (including arrestee processing, holding, and transporting to initial court appearances) were relocated to the Kalihi Police Station and the Kapolei Receiving Desk. During this renovation, CRD personnel will continue to staff the Alapai headquarters for building security, alarm response, and security console operation.

The project entails the replacement of all entry doors and frames and the conversion of several holding cells to comply with the Americans with Disabilities Act of 1990 (ADA) requirements. Other ADA accommodations to be made include increasing entrance clearances; adding accessible toilets, water fountains, sinks, and handrails; as well as installing new handicapped access ramps to both the adult and juvenile public release entrances.

Furthermore, the safety port doors will be repainted and the motorized components that operate the doors will be replaced to increase the security and safety of the facility. In order to better monitor detainees, viewing windows will be increased in size and the openings in each door, known as food pass through doors, will be upgraded to sit flush with the door interior for the safety of the detainees.

# Patrol Districts' Youth Outreach

HPD officers host and participate in numerous programs to build better relationships with the youth in the communities they serve. The objectives of these programs include mentoring at-risk youths, bringing joy to the underprivileged children, and helping our children learn to make good choices and understand that police officers are allies who are there to support them and their families.

From the onset of the COVID-19 pandemic, the respective districts' Community Policing Teams (CPTs) were forced to cancel in-person programs, making it difficult to connect and engage with the youth in their communities. During this period, the districts' CPTs adapted by implementing the use of video conferencing and in some instances posting pre-recorded videos in order to stay connected with these youths.

In 2021, with the decrease in restrictions, the CPTs were able to gradually start some in-person events to once again strengthen partnerships and improve police services within their districts. The following are some of the events that took place around the Island in 2021:

## School Presentations

The CPTs continually worked with schools within their districts to promote a positive image of a police officer and build relationships within their communities.

In September 2021, District 2 (Wahlaea) conducted multiple presentations titled "Community Police Department" to second and third grade students at Sunset Beach Elementary School. This presentation educated students on the role that police have within the community.

Also, District 8 (Kapolei, Walanae) visited with Honolulu Middle School students as well as the Friendship Bible School and gave presentations on internet and cyber safety, vaping dangers, and prevention of bullying. These school presentations not only allow the students to meet and interact with police officers in a positive and safe setting, they also teach them about the choices they make and gives them a sturdy structure to build their futures on.

## Learning Through Sports Activities

The Late Night Basketball program with District 5's CPT (Kalihi) resumed activities with modifications due to COVID-19. Held in the gym at the Susannah Wesley Community Center during the evening hours of June and July, this program gives at-risk youths the opportunity to have a positive alternative instead of engaging in mischievous activity at night. In addition to basketball, each player is taught about cyberbullying and juvenile laws and participates in various community events such as community cleanups and sign waving.

The partnerships for this program include Weed and Seed Hawaii, Palama Settlement, the YMCA Kalihi Branch, the Susannah Wesley Community Center, Kokua Kalihi Valley, Adult Friends for Youth, Saint Elizabeth's Episcopal Church, and Parents and Children Together.

In October 2021, District 8's CPT was able to restart their youth mentoring program by visiting the Walanae Boys & Girls Club. The officers enjoyed an afternoon of volleyball, dodgeball, and mentoring with club members. The CPT officers now meet with the Walanae Boys & Girls Club at least monthly to mentor and challenge these youths to provide a foundation in which they can build upon.

## Culinary Arts

The Culinary Arts Program was created as a Weed and Seed Hawaii Initiative and designed to teach valuable life lessons through fun and healthy activities while also serving to empower the youth in our community with good decision making skills. This program teaches participants in cooking and home economic skills while building self-confidence and also guiding them to become productive members of the community.

This program also mentors the participants on topics such as keys to success, juvenile laws, drug awareness, bullying, and occupational interest.

In June 2021, in partnership with Roy's Ko Olina and Weed and Seed Hawaii, the District 8's CPT held their 18th annual culinary class with the program's students, Roy's Ko Olina Chef Darryl Shinozaki, and Weed and Seed Hawaii Executive Director Gale Braceros. The culinary students were also able to visit Kahumana Organic Farms in Walanae and harvest food for the first time.

### **Real and Powerful (RAP) Program**

This program, which runs throughout the school year, was created to provide an alternative curriculum to help at-risk Juveniles. The goal of the RAP program is to prevent the youth in our community from joining gangs and committing criminal acts and empower them in good decision-making, accepting responsibility for the choices they make, and building positive relationships between themselves and law enforcement. The program offers outdoor team building activities and includes presentations by officers on topics such as Keys to Success, ABC's (Attitude, Belief, and Courage) of Life, Juvenile laws, drug awareness, and bullying. Due to COVID-19 restrictions, the RAP program shifted to a virtual platform in an effort to continue the relationships and positive impact of the youth mentoring program. By the end of the school year, officers were able to resume in-person presentations with the COVID-19 restrictions being lifted.

In 2021, District 3 (Pearl City) officers mentored over 450 students from Walpahu Elementary, Honowal Elementary, Alea Elementary, Momilani Elementary, and Walpahu High Schools.

Likewise, District 5 officers mentored 530 fifth grade students from Kaewal, Princess Victoria Kalulani, Kalihi, Kalihi Kal, Kalihi Uka, Lanakila, Likelihi, Puuhale, and Fern Elementary Schools.

### **Kopstar Project**

The District 7's CPT (East Honolulu) worked with Adult Friends for Youth at Palolo Homes to start the Kopstar project. This project is a mentoring program in which CPT officers mentor troubled youths at the housing project in an effort to change bad behavior and teach them about making good decisions and staying out of trouble.

## COVID-19 Operations

Throughout 2021, the Major Events Division (MED) responded to and assisted with coordinating numerous COVID-19 operations for the City and County of Honolulu and the HPD.

From January to May 2021, the MED worked with the City and County of Honolulu Incident Management Team (IMT), the State of Hawaii Department of Health (DOH), and other city agencies in planning and coordinating the city's "Vaccination 1.2" COVID-19 vaccination distribution at Leeward Community College.

Following the December 2020 "Vaccination 1.0" operation that focused on first responders and health care workers, the city again partnered with the DOH to provide COVID-19 vaccinations to all community members. During this large-scale operation, the HPD deployed MED officers to join the IMT where the MED utilized the Incident Command System to coordinate the operation with other government agencies. Through the course of the operation, approximately 50,000 doses of the vaccine were administered.

Another location utilized to combat the spread of COVID-19 was the Joint Outreach Center (JOC), located along Hotel Street in the Chinatown substation building. The JOC provides medical urgent care services to area homeless people who would otherwise utilize the emergency rooms

to fulfill their medical needs. From June to December 2021, in coordination with the HPD's Chinatown COVID-19 Prevention Task Force, the HPD's Community Outreach Unit organized various health care and social services providers to provide COVID-19 testing and vaccinations, as well as general medical services to the unsheltered population.

Additionally, from August to November 2021, the MED assisted the Honolulu Fire Department with the Aloha Stadium COVID-19 testing and vaccination operation as well as the Islandwide mobile COVID-19 testing sites. In conjunction with the Aloha Stadium testing site, the MED worked with The Queen's Health Systems to establish mobile COVID-19 vaccination points of distribution at the Kapolei Police Station and the HPD's Alapai headquarters from August to December 2021.

Furthermore, the MED's HAZMAT Team continued conducting COVID-19 exposure tracking and contact tracing for the HPD. It also served as the HPD's point of contact to the City's Infectious Disease Officer. The MED continued to support the HPD with its 24-hour hotline and made approximately 1,234 contacts for COVID-19 exposure, of which approximately 270 personnel were isolated with COVID-19.

# Recruiting and Retaining Quality Employees

The Human Resources Division's (HRD) Recruitment and Exams Unit (REU) continued to utilize its recruitment website ([www.joinhonolulupd.org](http://www.joinhonolulupd.org)) to allow prospective applicants to obtain information and apply online for the Metropolitan Police Recruit (MPR) and Police Communications Officer (PCO) exams. Additionally, with the continued challenges encountered as a result of the COVID-19 pandemic, the REU continued to primarily focus its recruiting efforts through various social media outlets (e.g., Facebook, LinkedIn, Instagram, and Twitter) as well as virtual technologies (Cisco WebEx) to generate interest and recruit applicants.

The HRD continues to be committed to simplifying the hiring and onboarding process of new personnel. As a result of the efforts of the HRD's REU and Career Center staff, the purchase of the NeoGov software system was completed in December 2021. The HRD continues to work with the NeoGov vendor to finalize the necessary components to successfully integrate new hire information for MPRs and PCOs into the new database management program. This integration will allow for more efficiency

and the expeditious processing of new hires. With the implementation of the NeoGov software system, the HRD will continue to work with the city's Department of Human Resources to secure the civilian hiring delegation. Securing the civilian delegation is the final step toward complete management of all hiring for the HPD, thus streamlining the hiring process and allowing the HPD to fill positions more efficiently.

In 2021, approximately 2,851 persons applied online to register for the MPR entrance exam. Eighty-five tests were held throughout the year. Approximately 898 applicants passed the MPR exam and were invited to undergo the selection process. A total of 189 applicants were selected for four recruit classes (199th, 200th, 201st, and 202nd), which started in January, April, July, and December, respectively.

Furthermore, 670 civilian applicants were processed, which eventually filled 126 positions to include 36 permanent positions and 7 positions by promotion.

## NOTEWORTHY

# Christmas Celebration

Every year police officers along with various partners participate in community events to celebrate the holiday season. These events allow the HPD to improve the relationships with the community and the organizations involved, while bringing Christmas cheer to many children and elderly alike.

The District 1's CPT (Central Honolulu), in partnership with Weed and Seed Hawaii and the HawaiiUSA Federal Credit Union, conducted their annual Blue Santa event by providing gifts for 15 children as well as lunch for their families at the Kakaako Family Assessment Center. Continuing this cooperation and partnership, the CPT went on to host the Kupuna Christmas event at the Kukui Garden Elderly Housing by providing 25 gifts for the elderly residents and bringing some joy during the holiday season.

District 2 in conjunction with the State of Hawaii Department of Public Safety-Sheriff Division and Walmart hosted 46 students during a Shop with a Cop event at the Mililani Walmart. This is a community building event where police officers are paired with elementary students to conduct holiday shopping while building a positive relationship with officers and our youth; as a bonus, McDonald's provided food for all participants.

The District 5's CPT officers partnered with the Locations Foundation and Weed and Seed Hawaii to present toys at various locations within the Kalihi area for their Christmas for Keiki event. The Locations Foundation donated \$5,000 for this project, which allowed the purchase of over 250 items and toys for the children from the Pact Kahaulani Village Early Head Start (preschool), Family Promise of Hawaii, Kids Hurt Too Hawaii, and the Susannah Wesley Community Center.

Each of these locations provided a wish list for the children, and the CPT officers and Weed and Seed Hawaii staff went shopping and delivered these gifts to the Institutes for the holiday season.

The District 7's CPT participated in giving through the Salvation Army's Angel Tree project amidst the resurgence of the Omicron variant during the Christmas season. This project replaced the annual Shop with a Cop event as officers wanted to take precautions and keep the public safe. This program provides Christmas gifts for our youth and elderly and support to families in need throughout the year. The District 7 officers generously contributed \$365 toward the Angel Tree at the Kahala Mall location. With this funding, the officers were able to provide gifts for 18 angels, children ranging from four year olds to seniors upwards in their eighties.

The District 8's CPT continued the holiday spirit through their annual Shop with a Cop events. The Waianae Coast Rotary Club and the Waianae Military Civilian Advisory Council purchased a total of forty \$50 Walmart gift cards for students within the district that were selected by merit from the staff of four Waianae and Nanakuli schools. Additionally, Weed and Seed Hawaii purchased forty \$50 Walmart gift cards for students within the district who were also selected by merit from the staff of five Ewa Beach schools. In the past, officers shop and assist the youths in selecting gifts for their family members. However, to ensure the safety and health of our youth, officers delivered and presented a total of 80 gift cards to the selected students at their respective schools.

# Chinatown COVID-19 Prevention Task Force

The Chinatown COVID-19 Prevention Task Force (CCPTF) was launched on July 12, 2021, as a way for the HPD to establish community and outside agency partnerships to address the spread of COVID-19 within Chinatown. The CCPTF also tackled other issues of importance through a strong commitment to community outreach, enforcement, and the addition of the Weed and Seed Initiative.

Operating 24 hours a day, 7 days a week, officers remained visible by conducting foot patrols to offer available COVID-19-related services such as testing and vaccinations, ensuring Emergency Order compliance, addressing any criminal activity, and providing a positive police presence within the community by actively engaging the community members and businesses.

From July 12 to December 31, 2021, the CCPTF has accounted for over 21,950 warnings, 1,077 citations, and 150 arrests. This includes various offenses such as Mayor's Rules, sit-lie, traffic violations, prohibition,

pedestrian enforcement, dangerous drugs, warrants, and miscellaneous other offenses. The CCPTF officers also referred 95 homeless individuals to the Homeless Outreach and Navigation for Unsheltered Persons program and made 3,696 business contacts and 2,261 personal contacts that resulted in 177 services provided.

Overall, there has been a noticeable improvement across several categories of reported offenses that occurred within the Chinatown area since the start of the CCPTF. According to the HPD's Computer Aided Dispatch System, there was a 60 percent decrease in the number of miscellaneous crimes reported, a 32 percent increase in warrant arrests, and an 86 percent increase in the number of drug/narcotic cases that the HPD has actively investigated.

# Operation Honolulu Police Department Rescue 8

The Narcotics/Vice Division's Morals Detail investigates prostitution and sex trafficking cases by utilizing partnerships that include the HPD, State of Hawaii Department of the Attorney General, Federal Bureau of Investigation, Homeland Security Investigations, United States Marshall Service, United States Secret Service, and a number of local nonprofit groups that help women and children escape sexual exploitation and domestic violence.

In November 2021, the multagency partnership, led by the Morals Detail, conducted Operation Honolulu Police Department Rescue 8 throughout the Island of Oahu.

The goal of the operation was to locate and rescue juvenile runaways who were believed to be at high risk for sex trafficking. During the operation, a total of 11 high-risk juveniles were rescued.

During 2021, the Morals Detail participated in a number of similar rescue operations that led to the rescue of 15 high-risk juveniles.

# Illegal Game Room Seizures

The Narcotics/Vice Division's Gambling Detail conducts investigations involving a range of illegal gambling activities such as sports betting, cockfighting, casino-type gaming, and video gaming machines. Recently, there has been a steady rise in complaints involving video game machines at underground game rooms and casino-type gaming establishments. These game rooms operate 24/7, attract undesirable elements, and cause peripheral crimes such as assaults, robberies, thefts, car break-ins, and homicides.

In March 2021, the Gambling Detail, in conjunction with the Specialized Services Division and the District 1 Crime Reduction Unit, executed two simultaneous search warrants to address two game rooms that were being monitored. This resulted in the recovery of 15 Flsh games and 9 Pot of Gold games. A total of \$15,252 was also recovered from the two locations.

Throughout 2021, the Gambling Detail continued its efforts of infiltrating and disrupting 50 game rooms. These operations consisted of several undercover operations and culminated with the execution of 50 search warrants, arrest of 85 individuals, seizure of \$347,316 in U.S. currency, and recovery of 696 illegal gaming machines/devices valued at \$6,275,500.

Furthermore, the investigations included serving nuisance abatement notices to the property owners and managers, informing them of the illegal activity being conducted on their property. If these notices are ignored and the illegal activities continue, a civil nuisance abatement process is initiated through the Department of the Prosecuting Attorney, City and County of Honolulu, to seize the real estate in order to cease the criminal activity.

# Data-Driven Enforcement Operations and Education

In an effort to decrease traffic fatalities and make roads a safer place to travel, the roles of the enforcement units assigned to the Traffic Division were reimagined. The big three factors in critical and fatal collisions are Impaired driving, speeding, and distracted driving. Using the data collected in the department's Records Management System and the division's own data collection related to critical and fatal crashes, the Traffic Division increased visibility and enforcement in certain "hot spots."

An emphasis was also put on educating drivers with written warnings rather than always issuing citations. From incorporating traffic safety into the driver's education program, conducting sign waving events, and utilizing the HPD's social media platforms to send messages that included traffic safety tips, statistics, and powerful reminders, the division's personnel increased their opportunities to reach drivers and promote good driving habits.

The Traffic Division increased the amount of sobriety checkpoints across the Island. In 2021, the HPD conducted 514 sobriety checkpoints across Oahu compared to 105 in 2019 and 222 in 2020. These checkpoints resulted in removing 435 impaired drivers from our roadways. There were also 2,539 impaired driving arrests in 2021 as compared to 2,129 in 2020.

It is believed that these efforts helped decrease the overall number of traffic fatalities in 2021. The statistics show that there were 47 traffic fatalities in 2021 compared to 54 in 2020, resulting in a 13 percent decrease. It was also noted that there was a 35 percent decrease in speed and a 70 percent decrease in impaired driving.

Alarmingly, many traffic fatalities on Oahu in 2021 involved bicycle, moped, and motorcycle riders operating unsafely or not wearing helmets. Also, several anomalies involving pedestrians either darting into traffic, walking into traffic, and in some instances laying in the lane of travel occurred. In an attempt to reduce these unusual occurrences, the Selective Enforcement Unit (SEU) was created. The SEU focuses on pedestrian, bicycle, and moped enforcement in businesses, schools, and residential areas. This new unit has been met with positive review.

In addition to the advancements in enforcement tactics, the Traffic Division also secured grant funding for pole-mounted graphic displays that have the ability to collect traffic data. This data will let the division know when the volumes of traffic are highest and when, if any, speeding is occurring. This will be instrumental in assisting the division on determining other "hot spots" for enforcement units to patrol.

## Intergovernmental and Interdepartmental Operation

On June 30, 2021, the HPD's Specialized Services Division (SSD) assisted the HPD's Narcotics/Vice Division (NVD) and the U.S. Drug Enforcement Administration (DEA) in executing several search warrants, which was the culmination of a long-term fentanyl investigation that involved 25 undercover officer operations and resulted in the recovery of items listed in Table 1.

Due to the complexity of the investigation, the movement of fentanyl and the lack of experience most law enforcement agencies in Hawaii have dealing with fentanyl, many different agencies were involved. The DEA, Federal Bureau of Investigation, U.S. Immigration and Customs Enforcement, State of Hawaii Department of Public Safety Narcotic Enforcement Division, the HPD's Major Events Division (MED), and the 93rd Civil Support Team (93rd CST) from the Hawaii Air National Guard were among the many units that participated in this operation. The SSD's role in this operation was to execute three search warrants simultaneously on three different residences and render the residences safe of suspects so that the NVD and other agencies could enter and recover evidence safely.

TABLE 1

Crystal Meth (ICE)	4,131 grams
Oxycodone	393 grams
*Counterfeit-Controlled Pharmaceutical Trademark Opiates	840 grams
*Heroin	6,328 grams
Crack Cocaine	33 grams
Cocaine Hydrochloride (powder)	323 grams
Miscellaneous Pills	1,957 grams
Handguns	4

\* Per laboratory testing, the heroin and counterfeit pills combined contained 4,780 grams of Fentanyl.

Some of the many challenges of this operation was making sure that all the SSD operators were suited in the correct type of HAZMAT suit and that it was donned correctly and developing an emergency extraction plan in the event of an exposure and a decontamination process. In order to do all of these successfully, considerable time and effort were put into the planning process. The SSD operators practiced donning and doffing their suits in full gear to ensure the suit would not tear or become punctured. The MED and the 93rd CST assisted the SSD operators on the decontamination process and procedures. Furthermore, the MED's Emergency Extraction Team trained the SSD on the use of the oxygen tank with their full gear and the HAZMAT suit.

After the execution of the three search warrants, the NVD worked to get an additional search warrant approved for a separate location. In the meantime, the SSD sent a team of operators to the specified location to maintain visual surveillance and to perform reconnaissance of the area should the search warrant get approved. As soon as the search warrant was approved, the SSD operators once again had to don the HAZMAT suits, execute the search warrant, and decontaminate all with the assistance of the MED and the 93rd CST.

The MED and 93rd CST were of vital importance to the SSD during this operation. They assisted the SSD in every aspect of their responsibilities that day, which allowed the SSD to complete their mission successfully without any exposures. This large-scale operation was a perfect example of how many different agencies, with a variety of expertise, can come together and execute a complex and extremely dangerous operation successfully.

This large-scale, multiagency operation resulted in the arrest of eight individuals, with three more indictments pending, and also revealed the sources of supply that led investigators to effect arrests in Philadelphia, Los Angeles, Detroit, and New York. In addition, this operation resulted in the recovery of the many items listed in Table 2 below.

**TABLE 2**

U.S. Currency	\$250,000
Brick Press	1
Vehicle	1
Handguns	4
Assault Rifles	4
Ballistic Vest	1
Fentanyl	6 kilograms
Heroin	6 kilograms
Methamphetamine	4 kilograms
Counterfeit Oxycodone Pills Containing Fentanyl	3,439
Cocaine Hydrochloride (Powder)	292 grams
Morphine	56 grams
Marijuana	668 grams

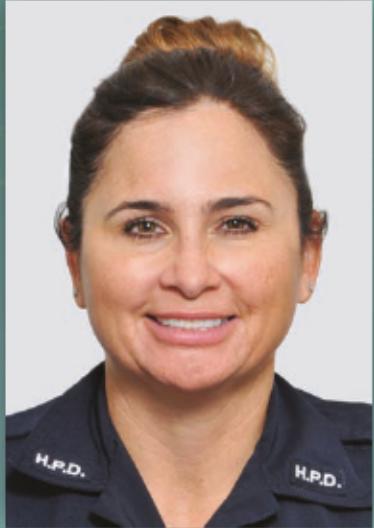

# Evidence Processing Unit

In 2021, the Scientific Investigation Section (SIS) began a pilot project to assess the feasibility of creating a specialized laboratory unit dedicated to processing evidence recovered from crime scenes for latent print analysis, impression evidence recovery, and comparison. The Evidence Processing Unit (EPU) would also manage and coordinate sequential analysis of evidence between other laboratory units within the SIS.

In November 2021, a working group was assembled to update and validate current latent print processing procedures in the laboratory based on the International Organization for Standardization and International Electrotechnical Commission (ISO/IEC) standards in the fields of science and technology. This working group is also tasked with developing the EPU's policies, procedures, and training requirements to maintain latent print processing under the current laboratory accreditation standard ISO/IEC 17025 as the Crime Scene Unit transitions to the ISO/IEC 17020 standard for crime scene processing.

Additionally, the working group is currently in discussions with the Records and Identification Division's Identification Unit to develop a long-term plan to incorporate latent print comparison as a future accredited service. The SIS anticipates growing pressure to meet the demands for service and technological advances while maintaining compliance with national accreditation standards.

# 2021 DEPARTMENTAL AWARDS

**POLICE OFFICER OF THE YEAR**  
Officer Lisa-Marie N. Like

**RESERVE OFFICER OF THE YEAR**  
Reserve Officer Nicholas K. Akaka

**CIVILIAN EMPLOYEE OF THE YEAR**  
Ms. Ida M. K. Quinn

**CITIZENSHIP AWARD**  
Mr. Michael Kitchens

# STATISTICS 2021

Violent and property crimes are categorized into seven serious offenses called Index crimes, which are used to define trends over time and make comparisons across the nation. The statistics for Index crimes are prepared and submitted to the Federal Bureau of Investigation's Uniform Crime Reporting Program on a regular basis. Index crimes consist of four types of violent crimes (murder, forcible rape, robbery, and aggravated assault) and three types of property crimes (burglary, larceny-theft, and motor vehicle theft). Definitions for the crimes are on page 33.

**TABLE 1: CRIME INDEX**

OFFENSES	2021	2020	2019	2018	2017
Murder	21	19	24	24	32
Forcible Rape	293	328	342	333	285
Robbery	795	739	955	803	908
Aggravated Assault	1,407	1,300	1,324	1,280	1,214
<b>VIOLENT CRIME</b>	<b>2,516</b>	<b>2,386</b>	<b>2,645</b>	<b>2,440</b>	<b>2,439</b>

Larceny-Theft	20,079	17,843	21,578	20,945	20,540
Motor Vehicle Theft	4,816	3,947	3,842	4,162	3,606
<b>PROPERTY CRIME</b>	<b>28,349</b>	<b>25,081</b>	<b>29,289</b>	<b>28,651</b>	<b>27,477</b>
<b>TOTAL</b>	<b>30,865</b>	<b>27,467</b>	<b>31,934</b>	<b>31,091</b>	<b>29,916</b>

\*SOURCE: Federal Bureau of Investigation Uniform Crime Reports

In 2021, the Honolulu Police Department's Case Report System was used to prepare the following 2021 tabular count data:

- \* All Index and non-Index crime data except Murder;
- \* Weapon type used in Robbery and Aggravated Assault;
- \* Adult and Juvenile Arrests; and
- \* District and Beat Offenses.

Murder and murder-related counts in Tables 1, 2, and 5 were obtained from the Honolulu Police Department's Homicide Detail, Criminal Investigation Division. Traffic fatality numbers were provided by the Traffic Division.

All count data, except for Curfew and Runaway in Table 4, were obtained from our department's Case Report System and converted from the National Incident-Based Report System to the Summary Reporting System.

# INDEX CRIME DEFINITIONS

Index crime definitions from the Federal Bureau of Investigation's Uniform Crime Reporting Program, Summary Reporting System Manual 1.0, are listed below:

INDEX	CRIME
<b>MURDER</b>	The willful (non-negligent) killing of one human being by another.
<b>FORCIBLE RAPE</b>	Penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.
<b>ROBBERY</b>	The taking or attempted taking of anything of value from the care, custody, or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear.
<b>AGGRAVATED ASSAULT</b>	An unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault usually is accompanied by the use of a weapon or by means likely to produce death or great bodily harm.
<b>BURGLARY</b>	The unlawful entry of a structure to commit a felony or a theft.
<b>LARCENY-THEFT</b>	The unlawful taking, carrying, leading, or riding away of property from the possession or constructive possession of another.
<b>MOTOR VEHICLE THEFT</b>	The theft or attempted theft of a motor vehicle.

An aerial photograph of a coastal town nestled in a valley. The town features several houses and buildings. A winding road cuts through the landscape, leading from the town towards the ocean. The surrounding terrain is dominated by large, green, rolling hills. The ocean is visible in the background, with waves crashing against the rocky shore.
